

West Dover Fire Department  
Officer's Meeting  
March 28, 2013

Officers Present: Rich Werner, Gary Carruthers, John Snow  
Also Present: None

The meeting was called to order at 5:00pm

The Officers opened three bids to refurbish the tanker-

Dingee Machine- \$94,676- loaner truck available at not cost- will be transferred to us

New England Fire- \$116,416.00- loaner truck \$2,500 per month for a 3,000 gallon tanker; no exceptions

Roberts- \$111,875.00- nothing on loaner truck

there are some differences – new impellar shaft; 5/6 KW generator vs 8KW generator, Ziamatic vs. Zico ladder rack. After some discussions it was felt we should go with Dingee however Richard will put together spread sheet to review the proposals.

The Officers opened several bids on gear-

5 Alarm Fire Sales- \$40,000.00

New England Emergency Equipment- \$42,152; \$43,752

First Choice Fire and Safety- \$31,050.00

Reynolds and Sons- \$43,855.50

Bergeron- \$46,000 +/- hard to read

After reviewing the bids it was decided to have First Choice and 5 Alarm come in to meet so as to review the gear and their bids- Only 5 alarm sent a set of gear for us to look at. Will recommend that the Selectmen put off an award on the gear.

The meeting was adjourned at 7:00pm

**Next meeting April 8 at 5pm**

Respectfully submitted by Richard Werner
