Requirements:

1. This application filled out (including square footage calculation), signed and dated by the owner of the property and the application, if other than the owner.
2. A site plan at a scale of 1" =50" including:
 - a. Location and dimension of all proposed structures and additions.
 - b. All property lines with measurements. Show the distance from all of these to all proposed structures and additions.
 - c. Locations and dimensions of all existing structures, driveways, parking roads, (measure from centerline), right-of-ways, wells, streams, ponds and septic systems. Show the distances for all of these to the proposed structures and additions.
3. If your lot will not fit at 1"=50", include a second site plan showing your entire lot.
4. Floor plans and four elevations with all uses and dimensions including height above grade. Be sure it is clear: what exists vs. what is proposed.
5. If the application is for a subdivision:
 - a. A copy of the deed as recorded in the Dover Land Records
 - b. If the parcel is divided into two parcels, a survey of the smaller of the two.
 - c. If the parcel is divided into three or more parcels, a survey of each.
 - d. Any survey or preliminary must be conducted by a state registered surveyor.
6. The State Permit Specialist must be consulted about any State requirements.
